## ACTIVITIES

The reporting year started limping back to activities on slow pace, after the severe pandemic attack of previous year. Although the previous year was washed out without any activity in Sports but Kerala Olympic Association was in the limelight with online activities ensuring our commitment to the youngsters of the State. The reporting year we started by restoring the activities of District Olympic Associations under democratically elected officebearers. Newly elected Officebearers in twelve out of fourteen Districts started functioning with various projects strictly adhering to Covid protocol. It is indeed happy to report that after a gap of 15 - 20 years Kerala Olympic Association was able to restore democratically elected officebearers in Districts which will go a long way in extending the Olympic movement to grass root level.

The meeting decided to convene a physical meeting on 30/11/2021 at Kottayam to form various committees for the District Games.

### **30/11/2021**

Physical General Council was held at Kottayam Sports Council Indoor stadium conference Hall on 30/11/2021 and twenty five representatives from different sports Association attended the meeting. **Eighteen District Associations** are active in the District conducting championships regularly and all of the seventeen Associations gave their consent to conduct the District Games as per the schedule and guidelines. A 21 member technical committee was formed for conducting the games with one member from each discipline and also the tentative dates and venue were given.

There were 20 events in the first schedule, later boxing was added. In the last moment Karate and Cycling were also added. So altogether there were 23 events, out of which, there was no competition in boxing as only one player each for different weight categories had appeared. So as per the direction from the State no team will be sent to Kerala Olympics in boxing as there was no competition.

The responses from the District Sports Associations were very co-operative and the events were held as per the schedule. Regional inaugural and closing ceremonies were organised with local leaders at all the eleven venues, which provided a wide publicity for the District Games.

We had a narrow escape from the Covid restrictions, as the District Collector had ordered strict compliance to the covid protocol in the District with effect from 18-01-2022 evening. We had only the Football competition to finish and we could finish it without any problem as we allowed restricted entry for the spectators.

As the covid cases were alarmingly increasing in the District, we had arranged the closing ceremony hesitantly. What we anticipated had happened, that the District Collector banned all the gatherings in the District with effect from 18-01-2022. So, we had to abandon the closing ceremony which was planned along with the closing of the Football competition. Apart from this, the District Games had a fantastic impact in the sports arena of the District and the Games boosted the morale of the Players and Coaches amidst the pandemic.

The rescheduling of the State Olympic Games necessitated some reconstitution of the teams as many of the team members have to participate in the university games, selection camps etc. But all the federations rose up to the time and made all the corrections. We also had a sponsor for the track suit for all the players from the District. Towards the end of March 2022 all the teams were ready for the State Games.

Though partially hit by Covid, 2021-22 was a fruitful year for the District Sports Scenario.
